Rev. S. G. Baker - Editor

We are very sorry that the notes from Glenwood reached us too late last week for publication. Let the writer note the fact that articles for publication must reach this office not later than Wednesday morning, or they will not appear in that week's issue.

Mrs. Manala Taylor and her girls, Verna and Bettie, left Monday for a visit to their relatives at Archie, Fla. Poor John looks pretty lonely, and he hopes that they will be back this week.

The Rev. Baker was agreeably surprised last Monday morning upon the arrival of his sister, Mrs. Winifred White and her daughter from Jacksonville. Mrs. White is one of the leading soprano singers of Mt. Zion choir; she sang one of her favorites to the audience at the class meeting at Bethel church Tuesday night. They returned home Wednesday.

The "Trip Around the World", given by the Busy Bee Club of Bethel church last week was a flattering success from every point. Miss Leota King, as manager, Misses Grace Sammie, Lela Overstreet, Bessie Robinson M. H. Williams and Mrs. Angeline Wiggins and Eva Wimberly, as helpers deserve much credit for the most excellent manner in which they conducted the affair.

That old folks concert came off Monday night, and the singing and reciting etc., that were heard there gave perfect satisfaction. The young (old) ladies played their parts well, and it is hoped that they will soon appear upon the stage again.

The officers of the DeLand Lodge were installed last Friday night by P. N. F. F. A. Miller. They were as follows: Arthur Moore, N. G.; J. L. Raines, V. G.; Thomas Gifford, P. N. G. and G. W. Taylor E. S. There had been some little misunderstanding over the election and installation, but that has passed away, and peace and harmony will prevail.

S. G. Baker has purchased a lot for Mrs. Nancy Walton on Adelle Avenue, and will have a neat cottage erected on it for her in the near future.

The people of our city spent last Monday at DeLeon Springs on a picnic. The day passed off very pleasantly and every body returned home feeling good. The committee on arrangement was S. W. Saunders, Jacob Thompson, F. B. Brown, H. A. Irving, W. S. Hunter, C. A. Worthy and J. P. Thompson. They deserve much credit for the very able manner in which they conducted the affair.

Next Sunday will be rally day at Bethel church, and there will be a great contest between the different clubs of the church. Some think the Busy Bee Club will lead but time will tell story.

Mrs. Alice Yarn is away for a visit to her relatives, and Radford is looking pretty melancholy. She is expected home soon.

In the game of base ball DeLand vs. Winter Park last week, the score was 6 to 2 in favor of DeLand. It is expected that they will cross bats again soon, as Winter Park is not satisfied with the results of this game.

The two Misses Howard, of Alabama, are spending the summer at the residence of Mrs. Bertha Overstreet.

GLENWOOD NOTES.

Mrs. Rosa Musten, who has been spending a while with her brother, J. A. Williams, has returned to her home at Reddick; and Mrs. C. W. Wilson has returned home also.

Mrs. G. W. Taylor, who has been at Daytona, where she had been summoned to the bedside of her sister, has returned to the joy of her many friends.

Mrs. J. M. Monroe, who has been very ill, is now improving and will soon be herself again.

It is rumored around that we shall soon have a lodge of K. of Pythias in our village. It is very gratifying to us to even imagine this to be true for we know that its advent means much to the prosperity and advancement of our community.

The services at the Baptist church were hugely enjoyed by all present. The presence of Rev. B. W. Philips and Mrs. A. J. Brown was much appreciated and enjoyed by all present. We are sorry to note the continued illness of Mrs. E. L. Hall. Her many friends hope to see her well again soon.

Mrs. Essie Presha, of DeLand, spent last Thursday night as guest of Mrs. G. W. Taylor, returning home Friday morning.

In a letter from O. O. Poppelton, of Stuart, the bee king of the East Coast who is now with his colony of 200 hives on Key Largo, he states that he has just taken fourteen tons of honey from the island apiary and still has more in sight. He states: "So far as I know, this is the largest single crop of honey ever taken on the East Coast south of Titusville or on the Keys." Mr. Poppelton has many friends in this section who will be pleased to hear of his good fortune. —Fort Pierce Tribune.

A GOLDEN WEDDING

means that man and wife have lived to a good old age and consequently have kept healthy. The best way to keep healthy is to see that your liver does its duty 365 days out of 365. The only way to do this is to keep Ballard's Herbine in the house and take it whenever your liver gets inactive. 50 cents per bottle. Sold by all druggists.

Since the recent heavy rains, the Hillsborough river, which is the drainage of all the country north of the city and also draining the Withlacoochee river, has risen higher in the last week or so than in many years previous. The Tampa Electric company is again using the water power at the dam, having a supply of water to last for several months, which is a very large saving in the way of fuel for the company. —Tampa Times.

STARVED TO DEATH

is what could be said of many children who die. They have worms, poor little things—they don't know it and you don't realize it. If your child is cross, fretful, pasty complexioned and loses weight for no apparent reason, give it White's Cream Vermifuge, you will be surprised at the results and how quickly it picks up. Sold by all druggists.

It is a long time since the States voted on a constitutional amendment. The last two or three to be adopted were on questions arising out of the Civil War and were largely political. The one now to be presented is purely economic and will probably be thoroughly tried out on its merits and without political or sectional bias. The action of the several States will be followed with keenest interest.

A HORRIBLE HOLD-UP.

"About ten years ago my brother was 'held up' in his work, health and happiness by what was believed to be 'hopeless Consumption,' writes W. R. Lipscomb, of Washington, N. C. 'He took all kinds of remedies and treatment from several doctors, but found no help till he used Dr. King's New Discovery and was wholly cured by six bottles. It is a well known fact.' It's quick to relieve and the surest cure for weak or sore lungs, Hemorrhages, Coughs and Colds, Bronchitis, La Grippe, Asthma and all Bronchial affections. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

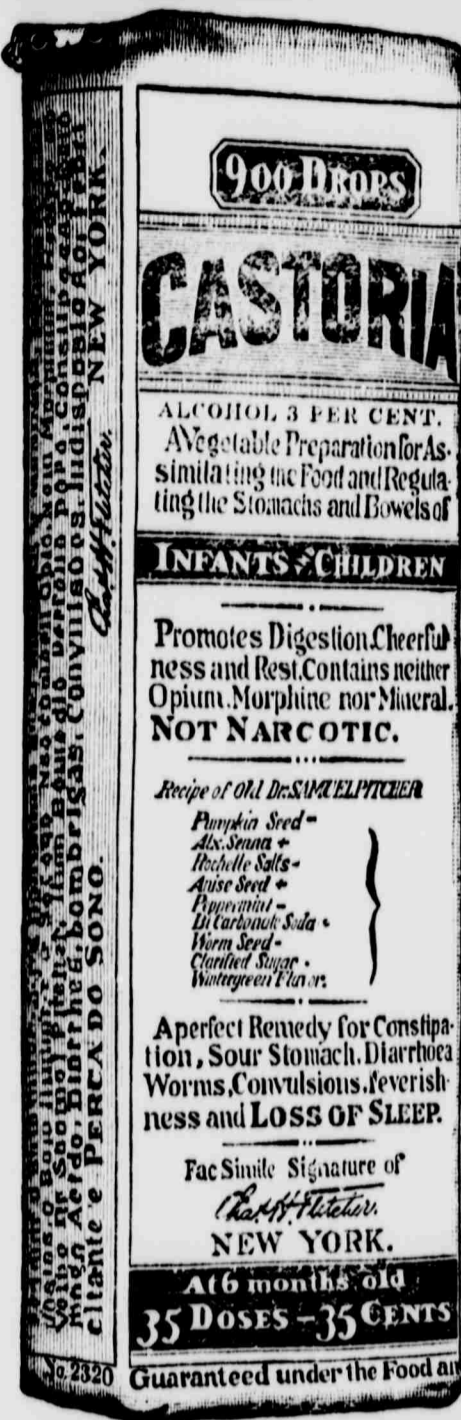

HIS KICK.

"You don't remember, I reckon," said the sour-faced man, putting his arms on the showcase, "that I bought a clock of you twenty-five years ago."

"I certainly do not," answered the elderly jeweler, "but I'll take your word for it if you say you did."

"Well, I did, and it was twenty-five years ago last Monday."

"Remember what you paid for it."

"Yes, I paid you \$10.00."

"Ever have to get it repaired?"

"No."

"It's a pretty good clock then, isn't it?"

"Oh, yes, the clock's all right. But I've found out something about it that you didn't tell me."

"So."

"Yes, when I bought it I asked you how often I would have to wind it. You said once a week."

"Well."

"Well, I've found out that it will go eight days without winding."

"Certainly; most clocks are eight day clocks. That's to allow for your forgetting to wind it sometimes."

"I never forget to wind it, sir. Regularly, every Monday morning for twenty-five years. I've wound that clock. That makes fifty-two times a year. If I had known it would go eight days, I would have wound it on the eighth day, and I would have had to wind it only forty-six times a year. It takes me about two minutes to wind it up. I've wasted twelve minutes every year on the thing. See. In twenty-five years I've put in 300 minutes, or five hours, the half of a man's working day, standing on a chair and winding up that blamed old thing when it didn't need winding."

"Well," said the stupefied jeweler "what do you want me to do about it?"

"Nothing, sir; I only wanted you to know it. That's all. When you sell an eight day clock to a man, you ought to tell him that's it an eight day clock. Good day, sir."

Straightening himself up and pulling his hat-brim down in front, he turned on his heel and stalked out of the store with the air of a man with a grouch who had freed his mind. —Chicago Tribune.
